

DOKAR TEMPLE TOUR

On our “Dokar”, a traditional two-wheeled horse coach, you will experience a short guided cultural excursion to the beautiful temples in the neighbourhood. Pura Pulaki temple, our first stopover, is located directly at the sea and was built to commemorate the arrival of the Hinduism priest Dang Hyang Nirartha in the early 16th century. The legend told, when he entered the woods of Pulaki he was escorted by monkey troops, whose descendants still live in the temple area and will await you. Pura Melanting, your second stopover, is a beautiful, hidden temple at the foot of the mountains, with fantastic stone carved figures. It was built to honour the Gods who are responsible for business and wealth.
